

**13 Chelsea Square,
London SW3 6LF.**

Dear Tim,

As you will undoubtedly know by now, the Young Riders won the European Gold for a record 5th time in a row and we also recaptured the individual title at Waregem last weekend.

On behalf of the young riders, I cannot thank you, together with the membership of the Horse Trials Support Group, enough for the additional financing which is so vital to achieve these results.

Your generosity has become so important when again parents are asked to dig deep into their own pockets, and it does make that difference between winning and losing when we have your backing and support at every turn for which I thank you and your membership wholeheartedly.

2012, I hope will show you just how important your help has been with no doubt a number of riders who have cut their teeth with the youth teams and have shown then can handle the pressures, being in the run for senior team - selection.

Tim, without your help and fundraising these results would have been very difficult to achieve.

With Best Wishes

Alex.
